

KAPTIVE

BEAM

by **KINEDYNE**

Decking Solution

Up to Double the Capacity of a Trailer

Why Kaptive Beam?

Doubles trailer capacity = Increases load average =

Move more freight with less equipment, reduce fleet size/driver

KINEDYNE

OPTIMIZE SPACE

- Increases Fuel Efficiency
- Out of the way when not in use
- Reduces Cargo Damage
- Maximizes Trailer Cube
- Boosts Trailer Load Capacity
- Improve Profitability

Kinedyne Kaptive Beam Double Decking Solution address' driver shortage problems and other hurdles truckers must face. By doubling a trailer's capacity you can deliver the same freight volumes with half the number of drivers.
