

**Kwik Winder**

**#10092**

# Winds up loose straps.

The new Kinedyne Kwik Winder is a great tool for all flatbeds equipped with winches. Once the trailer has been unloaded, the Kwik Winder allows the driver to wind the straps onto the mandrel of the winch in a fraction of the time it takes to do it by hand. Simply attach the Kwik Winder to any winch and straps are easily recoiled. This essential tool saves time and gets drivers back on the road.

Kinedyne promises quality products and a commitment to customer service. For more information or to place an order, please contact Kinedyne customer service at 1-800-848-6057 or visit [www.kinedyne.com](http://www.kinedyne.com).
