

Ratchet Winch Bar*

#37032

Safe. Efficient. Convenient.

Kinedyne introduces a revolutionary development to the standard winch bar. The new Ratchet Winch Bar turns all winches into ratcheting winches and provides a safe, efficient and convenient way to tension and release winch straps. The ratchet device allows drivers to operate the bar in the safest possible range of motion. The bar, which easily attaches to the winch cap, positively locks to prevent it from slipping loose, thus reducing dangerous and costly accidents.

Kinedyne promises quality products and a commitment to customer service. For more information or to place an order, please contact Kinedyne customer service at 1-800-848-6057 or visit www.kinedyne.com.
